

مفاوضات الجلاء .. نقاط للبحث
حتى ٦ مايو ١٩٥٣

Target day

Counter Proposals :

- 1- To study & report on a practical programme for the withdrawal of British forces from Egypt (as part of general agreement).
- 2- To draw a programme for taking over the base.
(Being an Egyptian Base , we are very keen of keeping it in best conditions with all necessary materials and experts).
- 3- To study and draw a programme for taking over by EF the existing air defences in the canal Zone.

II) to study the practical (implications of meeting the Egyptian classic) of fighting ~~the~~ the withdrawal of British ~~type~~

2] To study the future maint of ~~the~~ an effective mil base in the canal zone so (that it may be immediately reactivated in the outbreak of a war) & the man of ex required for this purpose

3] To study how the most effective form of air defence can be organised

4] To study the requirement of the Egyptian armed forces

4] To consider & report on the requirements of the Egyptian armed forces for equipment.

To study the ^{preparat.} Egyptian offer to maintain the Military Base in an effective manner.
 future maint
